Description

A stunning Halvorsen affiliated 38 sedan. This vessel is truly gorgeous! Built by Albert HODGE in 1959. The brand is HODGE, and incredibly engineered! Halvorsen overtones throughout and beautifully restored and maintained. Powered by twin Nissan diesels. ILLYWHACKER II has been professionally kept by well known Broken Bay tradesmen. Adored by a loving family. A true credit to the owner and the team of trades themselves. Quite a new electrical system is now on board. Including a FischerPanda 5000 generator. Note the wonderful galley and head upgrades. All works have been strategically carried out with attention to detail. Vessels in this condition are rare. Please contact us to arrange your inspection. ILLYWHACKER II is an elegant step back in time coupled with some modern world touches! A must to see.
